CYBER EVOLUTION:
Security Workshop

Day 1
Overview of Microsoft Cybersecurity

- Get a comprehensive review of information security solutions and technologies in Microsoft 365 and Azure.

- Explore Microsoft's approach to enterprise intelligent information security, covering identity and access management, information protection, threat protection, and security management.

Day 2
Microsoft Cybersecurity Practice Game

- Engage in a team practice game focused on investigating incidents in your organization's IT infrastructure.

- Identify attack vectors, understand compromised IT resources, detect and remove any evidence of malicious presence.

Price $8000

Utilized Software Solutions
- Windows 10 E5 / Microsoft Defender for Endpoints
- Microsoft Defender for Identity
- Azure Sentinel / OneDrive for Business
- Exchange Online / SharePoint Online

Best for
- Employees from information security
- Specialists from IT departments
- CISO / SOC Analysts
- CIO / DPO

Key business benefits & outcomes

- ✓ Participants will gain theoretical knowledge, apply it in practical scenarios, and enhance teamwork skills

- ✓ The game provides a practical platform to showcase Microsoft's information security solutions prior to pilot projects

- ✓ Your SOC analysts will acquire fundamental incident investigation skills, improving the business's security posture

- ✓ Awara IT can provide assistance with in-depth study and implementation of Microsoft security solutions
